

### **Snow White – Audition Side for 4**

4 is the primary character. Wherever another number is noted after the slash, they are 4 playing as that character. A baseball cap need not be used, but the characters should be differentiated in whatever what you see fit.

- 4                    Here goes. No, I can't do it. Oh alright (***four has a baseball cap which he wears differently for each dwarf. 5 giggles/ 3 yawns / 2 panics/1 very fierce, 6 precise and kind/7 voice of authority/ 4 is the story teller***) Everybody wake up! Wake up!
- 4/1                  What's going on? (***fierce***)
- 4/2                  Are we on fire? (***panicking***)
- 4/3                  Why..... (***sleepy***) why did you wake us up?
- 4/5                  (***giggling***) Yeah why? Why did you wake us up? Tell us.
- 4/6                  Give him a chance and he will.
- 4                    Thanks six.
- 4/5                  It's a surprise isn't it. (***giggling***) I love surprises. Is it my birthday!  
Where are my presents? There they are. I see them.  
Hidden in your bed. Under the blankets. I'm going to open them.
- 4                    Don't! There's a girl!
- 4/5                  (***Giggling***) A girl!
- 4                    Yes. A girl.
- 4/1                  (***fierce***) What girl?
- 4/2                  (***panicking***) A girl! A realgirl?

- 4/3                    **(Sleepy)** Is she asleep?
- 4                        Yes. She's asleep in my bed.
- 4/5                    **(Giggling)** Is she wearing your pyjamas?
- 4                        I didn't look.
- 4/2                    **(panicking again)** What if she wakes up? What do we do?  
What do we say? Will I have to clean my teeth?
- 4                        We all crowded round my bed and stared at the young  
child who was still sleeping. For a long time no one said  
anything and then.....
- 4/2                    What .....what's she doing here?
- 4/1                    It doesn't matter what she's doing here. She's no right to  
go to sleep in one of our beds without asking. Wake her  
up and kick her out.
- 4/2                    Yeah...yeah, kick her out.
- 4/6                    You can't kick her out. Poor thing. Firstly, she can't be more  
than 10 or 11. Second, she's covered in cuts and bruise.  
Third, her hairs all tangled. Fourth, she looks worn out.  
Fifth..... there  
isn't a fifth just let her sleep if she needs to sleep.
- 4/1                    Where's four going to sleep?
- 4/2                    Yeah right... right..... where is four going to sleep?
- 4/6                    Easy. Four can share my bed,
- 4/1                    He should have his own bed.

4/2 A p p person has has has a right to sleep in their own bed.

4/1 We can't let just any Tom Dick or Harry

4/5 She's a girl

4/1 Whatever! We can't just open our doors to anyone.

4/2 Oh no! It would never end, soon soon all our beds would be full, full of strangers and there would be no room for us and we we would have to sleep outside in the c cold.

4/1 Kick her out!

4/6 Firstly, she's just one girl. Secondly....

4/5 I like her. (***smoothing out his hair***)

4/1 Like her! She shouldn't be here. Kick her out!

4/5 Meanie!

4/1 Mind your tongue.

4/5 What this one. (***sticks his tongue out and makes farting noise***)

4/1 Do that again and I'll...

4/5 (***does it again***)

4/1 Right, that's it come here! (***grabs Five by the ear.***)

4/5 Get off. (***stamps on One's foot.***)

4/1 Ow! (***hopping on one foot.***) That hurt.

.

4/2 Woah! Everybody! Stop! The girls awake.
